The designed activities can be implemented perfectly in our center since we have the same line of work.

I really like the different workshops because we could apply them to our school and classes.

No thank you

Everything was perfect, the activities were varied and appropriate to the project theme. Hospitality couldn't have been better. It would be interesting that in the future mobilities, beyond the coordinator of each country, at least one of the team members that were in Sweden, could participate and be there to follow the project. Thanks for such a nice time.

Everything was fine and very well organized, with amazing Swedish hospitality ..Thank you
